Annual Maintenance Charges
— Water works - due by the Municipal Council

'41 File No 174 of 1941 | General and Revenue Secretariat

Serial No

the main reasons for the delay in payment in spite of the fact that provision was made therefor in the M Budget every year It clearly indicates a lot of slackness in work in the office of the Sanitary Engr in adjusting a sum of Rs 16917 due to the Municipality and another sum of Rs 2019/- has yet to be adjusted

17) This water supply work is under the control of the Sanitary Engineering Bureau Accdg to standing orders, it is the duty of this office to see that every month one twelfth of the estimated annual maintenance charges is adjusted towards the capital expenditure but failure to take action on this behalf has resulted in accumulation

18) A copy of the above letter will be sent to the Dir of P.H. for obtaining the explanation of the Sanitary Engr of Municipality it is hoped for orders Also see from the list recently received that about one lakh of rupees are outstanding recovery on account of water supply installations under the Bureau This is due to the fact that no action has been taken according to standing orders

Read -

Letter No A6 ∪ 3273/37-38 dated 8th March 1939 from the Deputy Commissioner, Tumkur District, requesting sanction to the proposal of the Tumkur Town Municipal Council to hand over the control of the maintenance of its water supply works to the Bureau of Sanitary Engineering in the interest of efficient management of the work

2 Correspondence ending with letter No ∪ 367-16 dated 12th January 1940 from the Director of Public Health in the matter

—

O r d e r No L 7070-2/M1 156-38-5

Dated, Bangalore, the 10th February 1940

Government are pleased to sanction the transfer of the maintenance of the Tumkur Water Supply Works to the Bureau of Sanitary Engineering subject to the following conditions -

(1) That the Tumkur Town Municipal Council should pay a sum of ₨ 6,500/- annually and also bear the initial cost on account of improvements, if any to the works

(2) That the present level of consumption of water should be kept up and if a larger supply is required the Municipal Council should pay the extra cost

(3) That, if there are private house connections, they should all be metered

The Director of Public Health proposes to engage a Water Inspector or a Suboverseer on a pay of ₨ 50/- per mensem for attending to this work The proposal is approved and Government are pleased to meet the extra cost of ₨ 600/- per annum on this account out of the 'Water Supply grants" temporarily for a period of three years This amount will be treated as a subvention and the position reviewed at the end of three years

Sir,

Subject - Interpellation No 47 by Mr B C Nanjundaiya, Tumkur Urban re Annual Maintenance charges of the Tumkur Water Supply Works

--

With reference to your letter No L 10995 dated 18th May 1942 calling for further information on the above subject, I have the honour to furnish the required information seriatem

1 The amount payable and that paid by the Tumkur Town Municipal Council towards the Annual Maintenance Estimates of the Water works (year-war) against the actual maintenance charges for the years 1939-40, 1940-41 and 1941-42 is noted below

Year	Amount payable by the Municipality	Amount paid bythe Municipality
1939-40	530- 7- 9	583- 5- 4
1940-41	8767- 8-10	2250- 0- 0
1941-42	9231- 0- 4	1501-14- 0
	18529 - 0 - 11	4335 -3 -4

2 The total amount of contribution paid by the Tumkur Municipal Council is Rs 4,335-3-4 only Monthly outlay statements were sent by the Sanitary Engineer to the President of the Municipal Council every month for the recoupment of the amounts The Deputy Commissioner was also being intimated of the heavy outstandings by the forwardal of quarterly statements of amounts outstanding Copy of this statement was also being sent quarterly to the Municipal Council In spite of these, the President, Tumkur Municipal Council has not arranged payment of the arrear amount Action is proposed to be taken towards recovery by the issue of a notice to the Municipality that unless they arrange to pay 1/12 of the sanctioned estimate amount every month in advance, water supply will have to be cut off This will be on the analogy of the practice that is being observed in the Electrical Department, where they cut off after 20 days' notice The Municipality has not paid even Rs 6,500 in any year I may add that the Comptroller has been addressed by the Sanitary Engineer in his No 676 dated 26-5-42 for adjustment of dues as per standing order in the matter

3 Government contributed Rs 660/- for 1940-41 in G O No L 1491-504/M1 54-40-1 dated 19th March 1940 and G O No L 2080-2/M1 28-40-21 dated 14th September 1940 and Rs 600 for 1941-42 in G O No L 2420-32/M1 102-41-5 dated 18th September 1941 These amounts have not so far been drawn by the Municipal President and credited to this Department

Re Annual maintenance charges of Tumkur Town Water supply works

==

With reference to your letter No L 19/11 174-41-20 dated 1-7-1942 on the above subject, I have the honour to forward herewith a copy of letter received from the President, Town Municipal Council, Tumkur in the matter

A copy of letter addressed to the Sanitary Engineer, Bangalore by the President is also herein enclosed

I have the honour to be,
Sir,
Your most obedient servant,
Deputy Commissioner,
Tumkur District

Copy of letter No,H C 6/41-42 dated 17th July 1942 from the President, Town Municipal Council, Tumkur to the Deputy Commissioner, Tumkur District

==0==

With reference to your memo No A6 C 872/41-42 dated 4-7-42 forwarding copy of letter No L 19/Mul 174-41-20 dated 1-7-42 from the Law Secretary, to Government regarding arrears of Annual Maintenance charges of Tumkur Water works for my remarks, I have the honour to state that it is not possible for me to say why arrears were allowed to accumulate over a long period although funds were lying at the credit of the Municipality all along, with which to discharge the liability I became President on the 15th of March 1942 and this matter has engaged my attention from the very start The records indicate that payment might have been deferred pending adjustment of the marginally noted amounts and reconcillation of accounts

Cost of Alum handed over to Sanitary Engineering Department at the time of handing over the charge of Tumkur Water works	Rs 2,019/-
Amount deposited for an over-head Tank in Jail Extension.	1625/-

A letter has been addressed with this office No H C 6/41-42 dated 27-11-41 intimating the Sanitary Engineer that if these sums were adjusted and cash payments taken into account, a sum of Rs 7,992-13-7 would have been paid against the outlay of Rs 8,714-11-3 A copy of the said letter is enclosed for reference Soon after I took charge, I addressed a letter to the Sanitary Engineer, on 27-4-42 requesting him to adjust the long pending amounts and intimate the exact balance due for payment I regret to say that the Sanitary Engineer did not acknowledge or reply this letter but thought fit to address a letter on 26-5-42 to the Comptroller that the Municipal funds in the Treasury should be adjusted in payme t of the Annual Maintenance charges I have taken exception to this method of dealing with the question and addressed the Sanitary Engineer on 2-6-1942 to the effect that the Municipality was and is quite able and willing to pay up the amount which is outstanding only because large sums of money are left standing over unaccounted for over a long period The Sanitary Engineer has answered my letter on 15-6-1942 stating that

that Rs 1,625/- had been adjusted in his accounts, but he has raised fresh points of objection regarding the adjustment of the balance of Rs 2,019/- being the cost of Allum handed over to the Bureau of Sanitary Engineering in the year 1940. A sum of Rs 10,000/- however, has since been paid pending final adjustment of the sum of Rs 2,019/- as I did not desire to carry the liability over to the next year The balance still due will be paid as soon as the Sanitary Engineer adjusts the aforesaid amount and reconciles the accounts

The practice of paying one-twelfth the estimated Annual Maintenance charges every month will be brought into vogue hereafter

---

" Copy "

Deputy Commissioner

Letter No H C 6/41-42 dated 27-11-41 from the President, Town Municipal Council, Tumkur to the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore

---

With reference to your office No 554 dated 1/11/41 regarding the maintenance charges of Tumkur Water works, I have thehonour to state that a bill for the cost of Allum is enclosed The amount of Rs 2,019/- may be taken credit of towards maintenance charges payable by the Municipality Since the maintenance charge is paid from 1-5-1940, the stock of Allum as on 1-5-41 is billed for

The sum of Rs 1,625/- and not Rs 1,650/- which is a mistake, paid for the overhead tank in Jail Extension may be adjusted towards the maintenance charges due from the Municipality. Towards maintenance charges for 1940-41 will be Rs 7,992-13-7 as noted in the margin* as against the outlay of Rs 8,714-11-3

Rs	52-13-7	Opening balance which was a minus figure
	2,250-0-0	Paid by cheque dated 19-8-40
	1,386-0-0	Paid by cheque during July '41
	1,625-0-0	Being the amount paid towards tank in Jail Extension (to be adjusted to this account)
	2,019-0-0	Cost of Alumm to be adjusted
	660-0-0	Being the Government grant.
	7,992-13-7	

I request you to furnish details for the outlay under the following heads -

Electric current charges
Cost of Allum
Cost of Establishment
Cost of other works

Subject Arrears of the Annual maintenance charges of the Tumkur Town water Suthly works.

Sir, I am directed to forward herewith a copy of the letter no M.C 6/41-42 8/7/42 addressed by the President of the Tumkur Town Mel Council to the D.C Tumkur Dt. re. the adjustment of the above mentioned arrears and to observe that no timely action was not taken to adjust 1/12 th of the annual maintenance Charges of the water works every month in advance as laid down in the Standing orders on the subject.

WD 04161—GPB—60 000—24 10 41

with the result that the arrears have accumulated and the Local Body concerned finds it difficult to pay the amount in a lump. It is only after this irregularity was noticed and pointed out by Govt that a sum of Rs 11,625- appears to have been adjusted leaving some balance, yet remaining unadjusted.

I am therefore to enquire what the actual balance is and when it would be adjusted? The explanation of the Sanitary Engineer for the omission or his part observed and why there was no immediate effort to collect the amount due to Govt above may also be kindly obtained and forwarded immediately for the orders of Govt.

Subject:- Arrears of the annual maintenance charges of the Tumkur Town Water Supply Works

Sir,

I am directed to forward herewith a copy of the letter No.M.C.T/41-42 dated 17th July 1942 addressed by the President of the Tumkur Town Municipal Council to the Deputy Commissioner, Tumkur District regarding the adjustment of the above mentioned arrears and to observe that timely action was not taken to adjust 1/12th of the annual maintenance charges of the water works every month in advance as laid down in the standing orders on the subject, with the result that the arrears have accumulated and the Local Body concerned finds it difficult to pay the amount in a lump. It is only after this irregularity was noticed and pointed out by Government that a sum of Rs.11,625 appears to have been adjusted leaving some more balance yet remaining unadjusted.

I am therefore to enquire what the actual balance is and when it would be adjusted? The explanation of the Sanitary Engineer for the omissions on his part observed above and why there was so much delay in adjusting the amounts due to the municipal council may be kindly obtained and forwarded immediately for the orders of Government.

Rel 174-41-28

Sir

Subject - Arrears of the annual maintenance charges of the Tumkur Water Supply Works

With reference to your letter No L 1756/Rl 174-41-27 dated 8th August 1942 forwarding a copy of letter dated 17th July 1942 of the President, Tumkur Town Municipal Council, on the above subject and calling for the explanation of the Sanitary Engineer, for the omission on his part etc , I have the honor to enclose herewith copies of letters No 438 dated 7th October 1942 and No 781 dated 12th December 1942 of the Sanitary Engineer with copies of enclosures representing that under the circumstances detailed, there does not seem to be any delay on the part of the Department

In this connection, I write to invite kind reference to this office No C 58-53/41-43 Dated 11-12-42 addressed to Government in the matter of the recovery of the 1/12th maintenance charges monthly and the outstanding arrears from the defaulting local bodies

I have the honour to be,
Sir,
Your most obedient servant,

Director of Public Health

JBR

Letter No 438 dated 7-10-42 from the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore, to the Director of Public Health in Mysore, Bangalore

---

Re Arrears due on the Annual Maintenance of Tumkur Water Works

--

With reference to your letter No J 58-10 dated 12th August 1942 forwarding copy of letter No P 1736/M1 174-41-27 dated 8th August 1942 from the Secretary to Government, Law Department, in regard to the non-recovery of dues on the A M of Tumkur Water supply, I have the honour to enclose a note which explains the action taken by this Department towards the recovery of the arrears in question The actual balance recoverable from the Municipality as at the end of August 1942 is Rs 7,211-3-6

It has to be stated that unless, as in the Electrical Department the Sanitary Engineer is empowered to cut off supply in the event of non-payment of arrears after a particular date, the respective Municipalities would not take any notice of the periodical reminders issued from this office and the arrears would continue to mount up

---

Note on the arrears outstanding on the A M of Tumkur Water Supply

---

The expenditure on the maintenance of this water supply commenced in May 1940 Statements of credits, debits and balances from its inception to end of August 1942 is enclosed Monthly statement ~~Summary~~ of expenditure was being sent to the President, Municipal Council and quarterly statements to the Deputy Commissioner, Tumkur, bringing out the total arrears due at the end of each quarter with a request that the President of the Municipality be instructed to pay up the arrears Copies of these quarterly statements were also being sent to the Presiden the Director of Public Health and also the Comptroller The references of this office with which these were submitted to several officers are noted in the statement enclosed It may be seen from the above that at each stage and not less than once a quarter, the President and the Deputy Commissioner has been reminded of the payment of the arrears The Director of Public Health in his letter No 802-6 dated 14th February 1941, had also addressed the Deputy Commissioner to issue instructions to the President to pay up the arrears and also to arrange for the payment of 1/12th of the A M Estimate monthly in advance as per rules

The Comptroller had also in his letters No 675/AD I dated 24th January 1941 and No 220 dated No I dated 8th September 1941, addressed the Deputy Commissioner to arrange for the payment of the arrears for the credit of 1/12th of the W & S estimate monthly in advance of payment of the amount being adjusted in accordance with the provisions of para 477 of M P W A Code All these letters had and not the desired result after the present Sanitary Engineer joined this Division more stringent action was taken Copy of the letter addressed by him to the Deputy Commissioner and the President is enclosed for kind information In response there has been some appreciable result in July 1942 Copy of letters No 676 dated 30th May 1942 and No 105 dated 18th August 1942 to the Comptroller to adjust the arrears from out of the closing balance of the Municipality are also enclosed for kind perusal Copy of this letter has also been communicated to the President in No 237-61 dated 18th August 1942 with the intimation that unless 1/12th of the W & S estimate be paid in advance it will not be possible to run the water supply It could be seen from the above that at every stage action has been taken by the Municipality and the Deputy Commissioner kept acquainted of the continuous default and requested to clear the arrears

As regards the adjustment of Rs 3,614/- mentioned in the copy of letter No M J 6/41-42 dated 17th July 1942 addressed by the President to the Deputy Commissioner, Tumkur, the President was replied to in this office No 1562 dated 15th June 1942, copy of which is enclosed for favour of information It may be seen therefore that this question of adjustment has been finally settled

Besides this, the President has, in his letter No M J 6/11-12 dated 10th September 1942 to the Deputy Commissioner (copy of which is enclosed) claimed a deduction for a sum of Rs 1,350/-, this being the subvention sanctioned by Government in No L 7070-2 ml 136-38-5 dated 10th February 1940, towards the pay of the Suboverseer employed on the W & S work In this connection it has to be stated that an amount of Rs 600 on this account is being sanctioned every year from out of the water supply rents which should have been drawn by the Municipality in each of the years 39-40, 1940-41 and 1941-42 A copy of the reply to the President, Municipal Council, Tumkur in this connection, is also enclosed for kind reference of Government

It would, therefore, be seen from the above that Rs 7,211-3-6 is due from the Municipality at the close of August 1942, and the President intends paying the dues in the month of February or March 1943, the balance at the credit of the Municipality being at present meagre This is contrary to the instructions issued to the Deputy Commissioner by the Secretary to Government, Law Department, in No L 19/41 174-41-20 dated 1st July 1942 wherein the entire dues is ordered to be cleared before 10th July 1942

Letter No C 802-6 dated 14-8-41 from the Director of Public Health in Mysore, Bangalore, to the Deputy Commissioners of Districts

--

I have the honour to enclose herewith a copy of the letter of the Comptroller to the Sanitary Engineer in connection with the payment of 1/12th of the annual maintenance charges of water supplies from the Local Bodies for your kind information and request you to be so good as to instruct the Local Bodies accordingly

--

Circular letter No 1679-89 dated 24th June 1942 from the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore, to concerned Deputy Commissioners of Districts

---

I have the honour to forward herewith an extract from the D C B register of this office pertaining to the A/c of the water works in your District for the quarters ending with December 1941 and March 1942 and to state that the Presidents of the respective Municipalities may kindly be instructed to arrange for the immediate payment of the balance due According to G O No F 26-46/41 181-37-1 dated 2-7-1938, 1/12th of the estimated amount of each water work is payable in advance on the 1st of each month This rule is not being followed by any of the Municipalities The statement of expenditure is being sent to the Presidents every month and a consolidated quarterly statement is also sent In spite of these, there has been no prompt payment and the arrears is mounting up I, therefore, request you to kindly see that the full outstandings are credited before the close of the current year Government have made severe observations and asked me to explain why action is not taken by me as per rules to adjust the outstandings As such, it will be necessary for me to advise the Comptroller to Government of Mysore, to adjust the amounts from out of the Cash balances of the concerned Municipalities I request you to

to issue suitable instructions in the matter to the Presidents of local bodies to clear the arrears

Thanking you for favour of intimating action taken

Dir memo o 1688-1714 dated 24th June 1942 from the Sanitary Engineer, Bangalore, to the concerned Municipalities

---

Copy of the above along with an extract of the statement is forwarded with compliments to the President, Municipal Council, for information It is requested that an amount of outstanding under to end of March 1942 may kindly be urgently credited and advance sent

---

Letter no 676 dated 26th May 1942 from the Sanitary Engineer, Bangalore, to the Comptroller to Government, Bangalore

Arrears of contribution due on the A m of Tumkur Water Supply from the Town Municipal Council, Tumkur

I have the honour to state that, according to the accounts of this office, an amount of Rs 14,193-13-7 is outstanding recovery from the President, Town Municipal Council, Tumkur, towards expenditure incurred on the maintenance of the town water supply for the period from May 1940 to end of March 1942 Monthly outlay statements as required by by rules have been sent to the President, Town Municipal Council, Tumkur so far, no attempts have been made towards the payment of the arrears referred to I, therefore, request you to kindly adjust this amount from out of their balance held in the treasury on the authority of instructions contained in Fin C No Rs 26-46/41 181-37-4 dated 2nd July 1938, and action taken may kindly be intimated

---

Letter no 105 dated 18th August 1942 from the Sanitary Engineer, Bangalore, to the Comptroller to the Government of Mysore, Bangalore

---

Arrears outstanding in the several Water Works under the control of this Department

I have the honour to state that even though monthly and quarterly statements of expenditure on the several Water Works are being forwarded to the respective Presidents of the several Municipalities and to the Deputy Commissioners of the Districts concerned with a request that the amounts should be paid up promptly, there has been no response Government have viewed with great displeasure that the arrears are allowed to mo-

mount up I am therefore enclosing herewith a statement of arrears due from the several municipalities for your information and to request you to kindly arrange to adjust these amounts from out of the closing balances of the municipalities concerned in accordance with instructions contained in para 5 of the G O No M 26-46/M1 181-37-4 dated 2nd July 1938 action taken in this direction may kindly be intimated to this office

Letter No 1502 dated 15th June 1942 from the Sanitary Engineer, Bangalore, to the President, Town Municipal Council, Tumkur

Re Dues on A C of Tumkur Water Works

With reference to your letter No M C 6/41-42 dated 28th April 1942 regarding the above, I have the honour to state that a sum of Rs 1,625/- being the amount credited by you towards the construction of an overhead tank in Jail extension, has since been adjusted against the above dues as desired by you

As regards the sum of Rs 2,019/- being the cost of alum stated to have been handed over to this Department at the time of transfer of the water works to the control of the Bureau of Sanitary Engineering, Bangalore, I wish to state that the accounts have to be looked into This will take some more time since the transaction has to be traced and the actual quantity of alum received and the cost would have to be verified As regards adjusting the amount of Rs 2,019/- being the cost of alum, it is to be stated that the alum which was passed on to this Department at the time of handing over charge has been utilised for the water supply month after month, and the corresponding annual maintenance charges of the succeeding months have not been burdened with a new purchase of alum since the old stock which was passed on to this Department continued to be utilised Under the above circumstances, no fresh credit in accounts for Rs 2,019/- can be given on this account, no new stock of alum having been purchased while the old stock was still available If a stock of alum was not transferred to this Department at the time of handing over charge, there would have been a necessity for immediate new purchase, and the A M charges would correspondingly have increased

---

Letter No M C 6/41-42 dated 10th September 1942, from the President, Town Municipal Council, Tumkur, to the Deputy Commissioner, Tumkur District, Tumkur

With

enclosed to this office letter no 438 dated 7-10-42 that action at every stage was being taken by this office, and the municipality, the Deputy Commissioner, Tumkur District, Tumkur and the Comptroller to Government of Mysore, Bangalore, kept acquainted from time to time of the continuous default at frequent intervals

Under the standing orders on the subject, this office should address in the first instance the Administrators of the local fund and in cases where the requisitions were not complied with, the Comptroller had to be written to, for taking further action in accordance with para 477 of Mysore Public Works Account Code Agreeably to the above order the Administrator was written to repeatedly and the Comptroller appraised also of the continuous default, through forwarded to him of the copies of the quarterly demand, collection and balance statements

The expenditure on the above water work commenced in May 1940 and as a sum of Rs 2,250/- had been received during August 1940 there was then no accumulation of arrears Besides, the maintenance charges were also very low till the end of November 1940 That the Comptroller has been appraised of the default from the very beginning could be seen from the copy of letter No 375/AD I dated 25th January 1941 addressed by the Comptroller to the Deputy Commissioner in response to this office memo No 365 dated 31st December 1940 vide copy enclosed

A consolidated statement of outstnading in respect of this and other water works was also forwarded to the Comptroller in this office No 448 dated 3rd February 1942 as desired by him

After I took charge of this Division on 7th February 1942 more strin ent action was taken and copies of letters addressed to the Deputy Commissioner and the Comptroller in this behalf have already been submitted to you with my letter dated 7th October 1942 The Comptroller has again been requested in this office Memo No 337 dated 27th October 1942 to adjust the arrears out of the treasury balance

Under these circumstances, it is to be represented that there does not seem to be any delay in the matter

---

Letter No 375/AD I dated 24th January 1941 from the Assistant Comptroller, Bangalore, to the Deputy Commissioners of Bangalore, Mysore, Tumkur, Kolar, Kadur, Hassan, Chitaldrug, Mandya and Hassan Districts

I have

I have the honour to state that the Sanitary Engineer, Bureau of Sanitary Engineering, Bangalore, in his memo No 365 dated 31st December 1940 for a ready copy of his letter No 876 dated 14/16th December 1940 to the Director of Public Health with the Government of Mysore, Bangalore brings to notice of this office that the town municipalities are not paying in advance 1/12th of the annual maintenance estimate of the water works to the Treasury as prescribed in this office Circular No 96/AD 2 dated 14-8-1938 & request you to kindly issue necessary instructions to the town municipal councils to pay up the arrears immediately, so as to avoid this office taking action as per para 477 of Mysore Public Works Accounts Code to adjust by reducting the treasury balance

--

No 376/ AD I dated 25-1-1941
